## BEST PRACTICES

### 1. ISR activity

**Title of the practice:** ISR activity

**Objectives of the practice:**

- To inculcate social awareness, values and environmentally responsible behavior amongst students.
- To nurture students as citizens with moral, ethical and social values so as to provide service to the society through activities and discharge their obligations towards the society.

### **The Context**

- India's future lies in its youth. The key role and responsibility of any educational institution, therefore, is to make its students not just gain knowledge, but use it for the benefit of the society.
- Activities conducted for instilling social responsibility in students help them to realize their potential and privileges, teaches them how to interact socially, understand other's problems, and work for the betterment of the society. It helps to foster compassion in students and balance self, society and environment. It is satisfying to the students and makes them feel like an integral part of society. They also feel motivated and inspired through these activities.

### **Functions of ISR:**

- To create awareness among students towards our responsibility for societal development.
- To organize training /awareness programs, social projects in association with social organization, clubs.
- To arrange seminars/lectures by social workers for our ISR students.
