**The Benefits of sharing responsibilities:**

- People feel responsible; they also feel they own the organisation and will therefore invest their energy into it to ensure its future success.
- The approach encourages individuals to understand the whole organization and how it works.

**Title of the practice: ISR activity**

**Objectives of the practice:**

- To Inculcate Social awareness, values and environmentally responsible behavior amongst students.
- To nurture students as citizens with moral, ethical and social values so as to provide service to the society through activities and discharge their obligations towards the society.

**The Context**

- India's future lies in its youth. The key role and responsibility of any educational institution, therefore, is to make its students not just gain knowledge, but use it for the benefit of the society.
- Activities conducted for instilling social responsibility in students help them to realize their potential and privileges, teaches them how to interact socially, understand other's problems, and work for the betterment of the society. It helps to foster compassion in students and balance self, society and environment. It is satisfying to the students and makes them feel like an integral part of society. They also feel motivated and inspired through these activities.

**Functions of ISR:**

- To create awareness among students towards our responsibility for societal development.
- To organize training /awareness programs, social projects in association with social organization, clubs.
- To arrange seminars/lectures by social workers for our ISR students.

During the year, activity of ISR organized through online and offline mode, Different topics like Personality Development, Deep Work, and Project work along with syllables, leadership and first aid training, First stage treatment covered in this activity by experts. Students undertake Project work on the topic "water project".

We design a day wise time table for every week for a month.
